

On June 16, 1883, the Soldiers' Monument was dedicated by the Town of Swampscott "in memory of the brave and heroic soldiers who died in defense of their country." The town's first war memorial lists the names of the 14 men who died in the Civil War.

The land on which the monument stands was given by the Mudge Family in memory of Charles Redington Mudge, killed at Gettysburg, July 3, 1863.

The town appropriated \$3,000 for the monument and, even then, had a cost overrun of \$16.95.

A large procession wound its way through the town culminating with ceremonies at the monument.

It was dedicated with the prayer "that this war would be the last" but its shadow now touches more recent war memorials on the mall.

The cover photograph was taken in 1910.

The year 1982 proved to be a landmark one for the Board of Selectmen. For the first time in Swampscott's history, a woman, Diana J. Kelley, was elected Chairperson of the Board. Kelley, being the top vote-getter in our Spring election, was given the unanimous support of the Board at their first meeting.

Collective bargaining with the town's five labor unions consumed many hours of the Board's time, but the effort paid off when all five unions settled contracts with the town. A long-standing dispute with the firefighters was resolved with a court judgment which dissolved the practice of "minimum manning" at the department.

Acting in our capacity as Police Commissioners, the Board passed a motion allowing our capable Police Chief Peter Cassidy to begin a restructuring of the Police Department. An additional position of Captain was added with plans for the position of sergeants to be worked out in later negotiations with the Police Union.

With funding and approval provided by Town Meeting, the Board began working toward the goal of selecting a CPA firm to conduct a management study of town offices which deal with fiscal affairs. It is the Board's hope that 1983 will see the results of this undertaking.

Assuming our role of Personnel Review Board, the Selectmen settled a long-standing grievance filed by the Public Works Department. The issue of "one man in a plow" was upheld by the Board, with concessions for this right given to the Union. "One man in a plow" will allow more town-owned vehicles to be in operation during snowstorms thus relieving the town of the burden of hiring so many outside contractors during snow emergencies.

The Board voted this year to allow businesses and residences to be classified at different rates, residences being the beneficiaries of slightly lower tax rates than businesses.

Plans continue with efforts to dredge Swampscott's harbor. Congressman Nicholas Mavroules has given great support to our Board by contacting the Army Corps of Engineers and explaining the need which we have to maintain our unique and beautiful harbor in Swampscott.

Town Clerk

JACK L. PASTER

The following is the report of the Town Clerk for the Town of Swampscott's Annual Report for the year ending December 31, 1982:

1982 was a busy year. This office continued to serve the residents of Swampscott as its only full-time on-site 'ombudsman' to deal with the day-to-day problems of running a municipal government. This office is the most accessible and direct link between the various levels of local government and the people we serve. Questions never go unanswered . . . and if we don't have the answer, we'll always get it for you. The "public be damned" attitude does not exist in this office.

* * *

A department head very rarely gets an opportunity to thank his staff for their hard work and diligence in a public fashion. Let me openly thank my staff, Carol McNelley and Catherine Woods, for their efforts to serve the needs of Swampscott and its residents, both past and present. I have the utmost confidence in their abilities and trust that we can continue to work together for many years.

* * *

Since enactment of the Swampscott Dog law, conceived and nurtured by your Town Clerk through the State Legislature with the guidance and assistance of our Representative, Lawrence Alexander, many other communities have made inquiries and have had similar legislation enacted for their own communities. I've had calls from as far north as Rockport and from as far south as Cape Cod. They all wanted to know how we did it . . . so they could too. Because of our law, Swampscott keeps 100% of the Dog License money collected each year rather than allowing Essex County to skim 50% of the license money off the top.

* * *

Your Town Clerk monitors and enforces the provisions of the Open Meeting Law to insure that each meeting is posted in sufficient time to allow residents the opportunity to attend and view their elected or the appointed municipal officers in action. We also review, log and file the minutes of every public meeting as required by statute and our By-Laws.

Some boards and committees have been lax in filing their minutes. These boards are contacted on a regular basis and warned of the consequences of failing to file the minutes. Since all residents have a right to review these minutes of public meetings the Town Clerk will periodically publish a listing of those boards, committees and commissions who have failed to comply with the laws in this regard.

* * *

As General By-Laws and Zoning By-Laws amendments are passed by Town Meeting, the Town Clerk prepares the necessary documentation for submission to the Attorney General of Massachusetts who must approve the Town Meeting actions before they can carry the force of law in Swampscott. The required legal advertisements are published for two consecutive weeks and the departments involved are

notified of the effective dates. Loose-leaf bound copies of the Town By-Laws, both Charter and General and Zoning, are available from the Town Clerk for \$5.00 per set.

* * *

The Town Clerk maintains a complete set of the Massachusetts General Laws, Annotated, for use by municipal officers on a daily basis. He also reviews each piece of legislation enacted on Beacon Hill and notifies the affected department of the new law so that every officer in Swampscott is aware of the Commonwealth's laws and regulations.

* * *

Residents are urged to view Cable TV Channel 34 at least once each day to be kept up-to-date of any important municipal or community service messages. The Town Clerk inputs messages daily on Cable Channel 34 concerning public meetings, tax bill deadlines and other matters of importance to all Swampscott residents. Emergency notices concerning storm warnings from the Harbormaster and the Police and Fire Headquarters are also telecast on this Public Information Channel. The Town Clerk also arranges for "live" broadcast of the Town Meeting sessions so that these important proceedings can be viewed by as large an audience as possible.

* * *

The Town Clerk recognizes the importance of maintaining all public records in a neat, orderly and easily retrievable manner. To this end, cross references have been instituted in all categories of the town's vital statistics and filing systems and most information is available in an instant dating back, in some cases, to 1852.

TOWN OF SWAMPSCOTT
County of Essex, Commonwealth of Massachusetts

ESSEX, ss.

To either of the Constables of the Town of Swampscott in said County and Commonwealth

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of the Town of Swampscott qualified to vote in elections and town affairs to assemble in the Junior High School Auditorium in said Town of Swampscott on Monday, the eighth day of February, 1982, at 7:45 P.M. then and there to act on the following articles, viz:

RETURN OF THE WARRANT

Pursuant to the within warrant to me directed, I have notified the inhabitants of the Town of Swampscott qualified to vote in elections and Town affairs by posting an attested copy thereof at the Town Administration Building, at the Post Office, and in at least two public and conspicuous places in each precinct and at or in the immediate vicinity of each railroad station in the Town on Friday, January 22, 1982, being not less than fourteen (14) days before the date appointed for said meeting.

BRUCE D. GORDON,
Constable of Swampscott

The Warrants for the Special Town Meeting were mailed January 22, 1982, to the Town Meeting Members.

NOTICE OF SPECIAL TOWN MEETING

Notice is hereby given in accordance with Article II, Section 2 of the By-Laws of the Town of Swampscott that a Special Town Meeting will be held on Monday, February 8, 1982, 7:45 p.m., in the auditorium of the Swampscott Junior High School on Greenwood Avenue.

JACK L. PASTER, Town Clerk

TOWN OF SWAMPSCOTT
COMMONWEALTH OF MASSACHUSETTS
OFFICE OF THE TOWN CLERK

Notice of a Special Town Meeting

Notice is hereby given in accordance with Article II, Section 2 of the By-Laws of the Town of Swampscott that a Special Town Meeting will be held on Monday, February 8, 1982 in the Swampscott Junior High School auditorium on Greenwood Avenue.

Douglas F. Allen, moderator, will preside.

Reporter 9/1/28/82

JACK L. PASTER, Town Clerk

In accordance with Article II, Section 2 of the By-Laws of the Town of Swampscott, the above advertisement was published in the Swampscott Reporter on January 28, 1982 and copies of same were mailed to the Town Meeting Members on January 22, 1982.

SPECIAL TOWN MEETING
MONDAY, FEBRUARY 8, 1982

The Town Meeting Members were called to order by the Moderator, Douglas F. Allen, at 7:53 p.m. the necessary quorum being present (165). The Warrant with the return thereon was read by Jack L. Paster, Town Clerk.

Town Meeting Members present: see chart at end of report.

No new Town Meeting Members to be sworn in.

IN MEMORIAM

At the request of Otto Friedman, Town Meeting Members stood for a moment of silence in memory of: Katherine Way, Alexander Way, George Chadwell and Charles Snow.

“FAREWELL ADDRESS”

After thirty odd years as a Town Meeting Member from Precinct One, Otto Friedman presented his Farewell Address as he is leaving his seat in Town Meeting. Mr. Friedman received a standing ovation from his associates and the entire audience.

Article 1. To see if the Town will vote to authorize the Board of Health to contract with Northeast Solid Waste Committee — UOP for the disposal of solid waste, which contract will (1) be for a term of twenty years, more or less; (2) include provisions for the delivery of minimum amounts of acceptable waste and payments for the use of the facilities to be based in part thereon; (3) provide for unit prices for the disposal of acceptable waste that will be graduated and for adjustments thereof, for the use or sale of steam, electricity, and other by-products resulting from the use of the facility, and for credits or payments to the Town resulting therefrom; (4) provide for similar commitments by other communities; (5) provide for the use by the Town, other

municipalities or other persons of the uncommitted capacity of such facility; (6) contain other provisions incidental and related to the foregoing general matters; and (7) be generally in the form of proposed contract negotiated by representatives of the member communities of the Northeast Solid Waste Committee (NESWC) — UOP with such changes therein as may be approved by said Board of Health a copy of which is on file in the office of the Town Clerk; appropriate the necessary funds, or take any action relative thereto.

Sponsored by the Board of Health

VOTED ARTICLE 1. To accept the report of the Finance Committee, and adopt their recommendations as follows:

That action on this Article be indefinitely postponed.

Town Collector

JACK L. PASTER

The following is the report of the Town Collector for the Town of Swampscott's Annual Report for the year ending December 31, 1982:

Being a tax collector does not put you on everybody's holiday greeting card list . . . but when taxes are collected in accordance with the laws of the Commonwealth and with every taxpayer, large or small, treated in the same fair manner there can be no complaints.

I was gratified and overwhelmed with the results of the 1982 municipal election which stated, loud and clear, that the people of Swampscott wanted their taxes and fees collected from all the people and not simply from a select few. Your vote of confidence will serve to continue the policy of collecting not some but all of the taxes and charges owed to the Town of Swampscott.

* * *

The on-going "warfare" against tax delinquency continues in full speed. This office has contracted the services of a most efficient and productive deputy tax collector, John B. Bolduc, at no cost to the Town. With Mr. Bolduc's assistance we conduct regular hearings at the Registry of Motor Vehicles which result in suspension of drivers licenses and registrations of those people who refuse to pay their auto excise taxes. We have also used the First District Court of Southern Essex in an attempt to collect overdue Personal Property Taxes and have initiated Tax Title action in the cases of unpaid property taxes.

It is important to note that we assist people who are having difficulty meeting their tax obligations by appraising them of the available laws concerning abatements or exemptions. We come down hard on those people who simply avoid paying their taxes.

* * *

Through the cooperation of the Collector's deposit bank, Century North Shore Bank and Trust Company, we have instituted a new auto excise tax computer system. Previously, all payments and abatements were posted by hand into the large commitment book. Now a computer firm takes the paid bills and notices of abatement and processes the work by computer and returns hard-copy data to the Town Hall. This system has lessened staff work time on the excise tax, quickened refunds and allows Demand Notices and Warrants to be issued the day after the legal due dates.

* * *

Every check mailed or brought to the Tax Collector is coded so that residents can tell exactly what that check paid for. If you are in doubt of a payment and have a cancelled check, turn that check over and you will find a hand-written coding just above the town's endorsement. For example, 82E 109 indicates that the check paid a 1982 auto excise tax bill number 109. A coding: 83RE 31/67 would indicate that the check covered a 1983 Fiscal Year Real Estate tax identified as Plate 31 Lot 67 from the Assessing Department. This system allows each resident to know what their checks have paid for and also assists the tax department in tracing payments.

Since we have double and triple systems for cross checking every payment, when a resident receives a notice on a bill he or she feels is already paid, a simple look at the back of the check will reveal the answer in most cases.

* * *

Returned checks for insufficient funds or from other reasons continue to be a problem in Swampscott. Residents must understand that no check should be given to the Town unless there are sufficient funds to cover that payment. The Tax Collector deposits daily . . . and two or three times each day during the heavy tax periods. Returned checks are met with statutory fees and charges ranging from a minimum of \$7.00. Constables are used to hand serve the letters of complaints concerning these matters. Arrest Warrants are sought when people disregard the office notices.

* * *

To help us serve you more efficiently, when you call the office concerning a tax payment matter or notice, please have your tax bills and cancelled checks with you. We can usually straighten out minor problems or errors by telephone if this documentation is available. Occasionally, you will be asked to bring this data to the office. This is done so that we can resolve your problem once and for all. Please cooperate in this regard.

* * *

The Collector has accepted the responsibility of collecting commercial rubbish fee charges to assist the Health Department. The bills are prepared by Health personnel and then mailed and collected by the Tax Office. We will continue to cooperate in any way possible with municipal departments.

Town Treasurer

I am pleased to submit the following report for the Town of Swampscott 1982 Annual Report.

I continue to strive to improve the Town's financial position by communicating the steps I feel should be taken such as the ones that follow:

1. Continue to improve cash management income by issuance of real estate tax bills at least sixty days in advance of May 1st and November 1st of each year. This will also reduce the appeal of a four payment system.
2. Same day investment of all collections.
3. Issuance of annual financial statements with an unqualified opinion by September 30th each year, which I feel should be published in this report.
4. Issuance of monthly financial statements within thirty days after the close of the month with analytical information such as cost per unit computations.
5. Apply for and maintain the best credit rating possible. This will direct the Town toward efficient management, lower taxes and better financial condition as well as improve bondholder relations and lower interest costs.
6. Participation in appropriate training programs for personnel.

On December 9, 1982, I was presented a Certificate from the Massachusetts Collectors' and Treasurers' Association showing I am a certified Massachusetts Municipal Treasurer.

I also received a certificate I had attended the Twelfth Annual School at Amherst, Massachusetts on August 17 - 20, 1982.

It is my understanding the Accountant is carrying the Stabilization Fund balance at zero on his books. I have \$69,339 on deposit at the MMDT in its own account. This money can only be appropriated by a two-thirds vote of an Annual Town Meeting.

As of July 1, 1983, the Town will no longer be able to issue debt in excess of one year unless the securities are registered. I anticipate issuing costs will be higher because transfer agents and registrars will be needed. I may be able to serve these functions.

I feel the Town should continue to evaluate labor saving devices in administration such as computer and word processor networking.

Our unfunded pension liability presents a very serious long-term impediment to Swampscott obtaining a AAA credit rating.

I wish to thank Barbara Bickford, our Assistant Treasurer, for her dependable and capable work this past year.

Town Counsel

HARVEY F. ROWE, JR.

The mandates of Proposition 2½ have brought forth continuing challenges to city and town governments throughout the Commonwealth. Elected and appointed officials have had to restructure practices of the past and attempt to find new ways to balance the needs and services of the public while at the same time negotiating the demands made by municipal unions within the confines of the Collective Bargaining Statute.

The bargaining with the various unions has been concluded for the most part and there will be decisions for Town Meeting members concerning whether they should fund the existing agreements for the coming fiscal year. It will be a difficult decision for Town Meeting and the results could put the town and unions back at the negotiating table.

The entire process of bargaining has become long, tedious, complex and a specialty within the field of law. I found the Board of Selectmen and the various union officials involved in the bargaining sessions to be professional and "good warriors" for their respective positions.

The successful conclusion of the bargaining was very rewarding to the Legal Department, specifically the agreement with the Firefighters Union, which also included the settlement of the "minimum manning" issue, which will give the town huge savings over the coming years along with the prerogative of setting manpower levels within the department as needed.

The department further had to represent the town's interest in the Preston Beach Condominium and Surf Theatre Condominium zoning disputes and at this writing it appears that both matters are being resolved favorably to all parties concerned.

The Blue Cross case which has been continuing over the years and involves the issue whether the town in paying 99% Blue Cross premium to one union must pay the other unions is presently in the Massachusetts Appeals Court and the briefs in the matter will be filed shortly. It appears that the court will decide the case during the coming fiscal years.

The "so-called" Beach Case which has been brought to the forefront by the Save Our Beach Committee (SOB's) is presently being prepared and an action in the Land Court will be commenced in the very near future.

The Town will also initiate a legal action against Warner Cable for the rate increase imposed upon the town's subscribers. The Board of Selectmen are of the opinion that Warner Cable violated the contract provision in which they agreed to "endeavor" to keep any rate increase consistent with wage increases given to town employees. The employees received approximately 6% whereas the rate increase is 20% for Warner Cable.

I wish to publicly thank Assistant Town Counsel, Arthur J. Palleschi, and Collective Bargaining Agent, Thomas H. Driscoll, for their professionalism, support, and advice during the past year.

Board of Appeals

JACK LEVIN, Chairman

ANTHONY CORSO — WALTER COSTELLO

Associate Members

ANN WHITTEMORE — WILLIAM O'BRIEN

The Board of Appeals held a total of 85 hearings during the year ended December 31, 1982.

A new application form and formal Rules and Regulations were developed by a sub-committee with Walter Costello as Chairman, and many zoning change proposals were forwarded to the Planning Board by a sub-committee with Ann Whittemore as Chairman.

The Board would like to give special recognition and thanks to Harvey Rowe and Arthur Palleschi for their legal advice, Louis Gallo for his keen interest and technical support, Ellen Callahan for a job well done, and to our Associate Members whose attendance and expertise were of major importance to the Board.

Board of Assessors

ANTHONY F. BENEVENTO, Chairman

MURRAY I. DAVIS, Secretary

VERA C. HARRINGTON, Appointed

The Board of Assessors herewith submits its Annual Report to the citizens of the Town of Swampscott for the year 1982.

Attorney Murray I. Davis was elected to the Board replacing Attorney Charles E. Morrison.

At the first meeting of the Board after Town Elections in April, Anthony F. Benevento and Murray I. Davis were elected Chairman and Secretary, respectively.

1982 was the year of resolving portions of our revaluation program and beginning our up-dating of office procedures in an effort to more expeditiously process the work load placed upon the office as a result of Proposition 2½, and the Commonwealth's mandated re-evaluation.

The Chairman assigned particular tasks and individual taxpayer files to each board member in an effort to create more consistent follow through and responsiveness.

A new, comprehensive office filing system was instituted in order to resolve the confusion caused by the massive amounts of paper work that flooded the office in 1981. Also, last summer, new strict guidelines were enacted requiring supporting documentation and written reports on applications for statutory exemptions or motor vehicle and real estate abatements.

In an effort to create more citizen participation, advance notices of meetings were posted and published in the local newspaper. Also, an attempt to create a volunteer

advisory committee on the problem of multi-family housing was made, but unfortunately, not enough interested citizens responded.

The Board is now faced with a State mandated up-date of our revaluation program during calendar 1983. Our concern is that, as a part-time Board, we are finding it more and more difficult to respond to and resolve our taxpayers legitimate problems and comply with an ever increasing array of state requirements. We will sponsor an article at the 1983 Annual Town Meeting seeking authorization to hire a part-time professional to assist us with these duties.

We wish to thank the various town departments for their continued cooperation and support.

The Board of Selectmen voted to split the tax rate for Fiscal 1983 at \$24.23 per thousand for property classified as Residential and \$32.50 per thousand for property classified as Commercial and Industrial.

Statutory exemptions on real estate totalled \$139,119.84.

The Board of Assessors herewith submits its figures used to determine the Tax Rate for Fiscal 1983:

CATHERINE G. CASSIDY, Administrative Assistant

The foregoing list of permits and construction cost for the year 1982, indicates an increase in activity over the preceding year. Two hundred and thirty-four permits were issued in the amount of \$3,534,481., for an increase of \$733,376., over the amount of \$2,801,105., issued in 1981.

The permit and construction inspection of this department accounts for approximately 60% of the department's time and budgeted activities. The other responsibilities and functions of the department are the enforcement of the Town Zoning By-Law, the State Zoning Act, the State Building Code Safety Directives, and the State mandated inspection of places of public assembly, institutions, lodging houses and other uses specified in the State Building Code. The department also receives and investigates all reports of alleged zoning violations received by it in writing from any party.

On July 1, 1981 the Plumbing and Gas Inspectors department was transferred from the Health Department to the Building Department as required by Massachusetts General Law, Chapter 142. The Building Department now issues all permits and handles record-keeping for the Plumbing/Gas Department.

The General By-Laws of the Town of Swampscott, the Zoning By-Laws and the Charter of the Town have previously been brought up to date by the Committee. As changes have occurred, necessary amendments have been made, the amended sections removed and the new sections inserted in proper sequence. The books sold by the Town Clerk have been continually updated so that current sets of these important By-Laws are readily available. This ongoing process has now been systematized so that for the foreseeable future the problems which have occurred from time to time in the past have been effectively eliminated.

This ongoing compilation has now been programmed so that a minimum expenditure of time and a nominal amount of money should ensure the continued availability of a current set of By-Laws.

As a precautionary measure, one master set of these By-Laws is separately maintained by the Town Clerk and a revised, current master tape is stored by the Chairman at his office.

This service to the Town, incidentally, is performed at no financial cost and, in fact, the sale of the By-Laws produces a surplus which is annually turned over to the Town and its general fund.

Swampscott Cable Advisory Committee

LOUISE LaCONTE

MAUREEN McGRAIN

JOHN TELFORD

CHARLES BORGIOLI

DOUG WHITTIER

During 1982 the Cable Advisory Committee continued to monitor the performance of the licensee, Warner Amex Cable. The emphasis was on encouraging an increase in the quantity of local origination and community access programming. The Committee was also instrumental in having the licensee furnish certain equipment necessary to the smoother operation of the system.

The Committee's dissatisfaction with certain areas of performance were brought before the Board of Selectmen which has commenced corrective action.

The Committee welcomed two new members in 1982. Charles Borgioli was appointed in March to fill an existing vacancy. Mr. Borgioli was appointed Committee liaison to the studio. In November, Doug Whittier was appointed to fill a vacancy created when Hy Goldin resigned in July. The Committee wishes to thank Mr. Goldin for his two years of service to us.

The Committee encourages residents to take full advantage of the facilities and equipment available for access programming and to express their creativity in the form of locally produced programming.

Department of Civil Defense

RICHARD MAITLAND, Director

Swampscott Civil Defense is prepared to assist and support any department in town during an emergency or disaster.

Liaison with The Federal Emergency Management Agency, Massachusetts Civil Defense Agency, Red Cross, Civil Air Patrol, and other agencies has been established.

Swampscott Civil Defense is a member of the North Shore Civil Defense Council which is a mutual aid network of various committees throughout the North Shore.

The Auxiliary Police under the leadership of Chief Harold Keating is a well-trained dedicated group of officers ready to assist at anytime.

Town Bargaining Agent — Labor-Management Consultant

ATTORNEY THOMAS H. DRISCOLL

In the past few years, the Town of Swampscott has not been sure of the amount of funds available for salary adjustments until late summer. This year was no exception. Serious collective bargaining with the various unions was delayed until late summer and early autumn.

A special Town Meeting made appropriations for each department. With these funds available, the unions representing the Library and Town Hall employees agreed, in two-year contracts, for a six percent pay raise effective November, 1982, and a seven percent pay raise effective July 1, 1983, the seven percent raise to be subject to funding by the regular Town Meeting to be held in 1983.

The Town had been involved in litigation with the Firefighters Union for several years on matters involving manpower and proposition 2½ reductions in force. This litigation terminated in an involved judgment. Part of the judgment brought the firefighters up to date with other unions and included a six percent raise effective November, 1982, and a seven percent raise effective July 1, 1983, the seven percent subject to funding by the 1983 regular Town Meeting.

The Public Works Union agreed to a seven percent raise effective November, 1982. In subsequent negotiations, Public Works agreed to a six percent raise effective July 1, 1983, subject to a funding by the regular Town Meeting to be held in 1983.

The Police Union entered into a one year agreement for a seven percent pay raise effective November, 1982. The Town and the Police Union are presently negotiating for a contract to be effective July 1, 1983.

The present status of collective bargaining in Swampscott finds all Town employees, except Police, under two-year contracts. The Police Union and the Town are bargaining for a contract to take effect July 1, 1983.

There were six Wetland Protection Act hearings this year, besides much time spent by the Commission checking and advising on Orders of Condition previously issued. The Carson Terrace area where much filling has taken place required a good deal of attention by the Commission and that drainage problem seems to have now been solved.

Dumping and litter are ongoing problems for the Commission. In the summer a clean-up of the Ewing Woods took place and in the fall the Commission conducted a clean-up of the Muskrat Pond area and the pond in back of the High School. A serious dumping problem off Nichols St. seems to have been stopped with the help of the Bd. of Health and the D.P.W.

In late fall Sally Ingalls led a walk through the Harold King Forest. There are no paths in the woods at this time and it is hoped that in the spring a clearly marked trail can be cut.

Two vacancies occurred during the year: James Cleveland resigned when he moved to Marblehead and Roland Dube asked to resign as he had been on the Board for many years. The two new members are Lawrence Picariello and Stephen Beede.

The Conservation Commission joined with others in the town in objecting to the spraying by the Mass. Electric Co. of vegetation along the right of way of the old R.R. track. That objection was upheld and in December the Mass. Electric Co. trimmed the trees and shrubs by hand.

Disposition of the Curran Beach property, owned by the Burg family, is still of interest to the Commission and various means of funding are still being explored.

Contributory Retirement Board

EDWARD F. RICCIO, Chairman and Elected Member

THOMAS F. MALONEY, Appointed Member

KEITH A. CALLAHAN, Secretary, Ex-Officio Member

The board is pleased to report on the highlights of its activities for 1982.

Gerard Caron after having served four three-year terms as the appointed member was replaced by Thomas F. Maloney, a local stockbroker.

Retirement allowances paid during the year amounted to \$967,265.74 from the Contributory Retirement System.

At the end of the year there were Non-Contributory pension allowances equal to \$323,679.68 per year being paid.

The source of all invested funds was employees' contributions.

A complete list of the General Ledger balances as of June 30, 1982 is included in the Town Accountant's report.

Greater detail is available in the Annual Report submitted to the State, a copy of which may be examined at the Town Accounting Office.

The three-year project of providing a multi-purpose service center for the elderly of Swampscott was completed sufficiently to open the Nutrition Site on April 5, 1982. The Center now houses a drop-in center, dining room and complete kitchen-service area. The project, started in July of 1980, was completed with State, Federal and private sector funding and hundreds of volunteer hours. The rehabilitated and expanded dining room area is able to serve 85 in one seating and using a second or third seating if necessary. The addition to the original building houses a cafeteria-style serving area, complete kitchen, barrier free handicapped lavatory, cloak room and storage room. The Leon E. Abbott Center is open Monday through Friday from 9:30 am to 4:00 pm with the exception of holidays and no-school storm days. A complete information and referral system is in place.

On a regular basis the center offers not only a daily nutrition program but also a Board of Health, monthly blood pressure clinic that ties in directly with a Greater Lynn Senior Services health maintenance clinic. The Council provides regular, planned programming.

A Greater Lynn Senior Services annual statistical and fiscal report to the Council indicates a total of \$279,574.00 in dollars and dollar-value of services were provided to Swampscott elderly by that agency. A total of \$13,811.00 in State, Federal and private donations, increasing and dedicated unpaid volunteer hours have again this year been the basis of a successful program. The grants will pay all utilities maintenance and a combination of grant and private money will replace a defective and inefficient boiler-burner unit. This eliminates the burden of the Center from the taxpayer.

The Annual Town Census was conducted during the months of January and February, as per Chapter 51, Section 4-7, of the General Laws of Massachusetts, requiring that persons seventeen years of age and older be counted in the Census. The total census count was 11,433, and the breakdown by precinct is as follows:

Precinct 1	1997
2	2208
3	1766
4	1762
5	1994
6	1706
	<hr/>
	11,433

In conjunction with the Town Census, we are also under obligation under Chapter 51, Section 4, as amended by Chapter 367, Acts of 1977, to include in the census all persons three through twenty-one years of age, which must be transmitted to our local school committees. No questions about special needs can now be asked as formerly under Chapter 766, and the purpose of the school census under the Board of Education Regulations is to find any children who are not attending school. Such children do not appear on current records and school committees must rely on our listing to discover them. The required follow-up is the responsibility of the school committee. This listing is maintained in the School Department for their permanent records.

TOWN ELECTION

SPECIAL TOWN ELECTION

June 15, 1982

Pursuant to the filing of petitions signed by not less than 5% of the total registered voters (8700) calling for a special referendum within the five days from the date on which the possibility of reconsideration of the vote has expired on Article 5 of the Warrant for the annual Town Meeting, the Selectmen authorized the holding of a special election on June 15, 1982. The question was determined by the same proportion of the voters voting thereon as was required at the representative town meeting, as follows:

Question No. 1

Shall the Town vote to approve the action of the representative Town Meeting whereby under Article 5 it was voted 171 in favor to 86 against "to allow for a fee for rubbish collection and disposal."

Precinct	1	2	3	4	5	6	Total
Yes	17	30	28	43	46	28	192
No	418	241	396	356	351	244	2006

Of the 8700 registered voters, a total of 2198 turned out to vote in this election (25%).

STATE ELECTION

November 2, 1982

To cast their votes in the State Election for the candidates for the following offices:

U.S. Senator	For the Commonwealth
Governor/Lt. Governor	" " "
Attorney General	" " "
Secretary	" " "
Treasurer	" " "
Auditor	" " "
Representative in Congress	6th Congressional District
Councillor	5th Councillor District
Senator in General Court	1st Essex Senatorial District
Representative in General Court	8th Essex Representative District
District Attorney	Eastern District
Clerk of Courts	Essex County
Register of Deeds	Southern District
County Commissioner	Essex County

To Vote Yes or No on the following questions:

QUESTION 1

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on July 2, 1980, by a vote of 171-4, and on June 21, 1982, by a vote of 144-44?

SUMMARY — The proposed constitutional amendment would remove the present constitutional prohibition against the use of public funds to aid or maintain private primary or secondary schools. It would permit the Commonwealth, cities and towns to make public funds available to pupils attending private primary and secondary schools in the form of either aid, materials or services subject, however, to three specific limitations. First, the private school could not be one that discriminates on the basis of race or color in its admission requirements. Second, the grant of aid must be consistent with the First Amendment to the United States Constitution which guarantees the free exercise of religion. Third, individual pupils would have to request the aid, materials or services. In addition to these three specific limitations, the amendment would authorize the legislature to enact other laws imposing conditions or restrictions on the grant of public aid, materials or services.

The proposal would also change the state constitution to allow public money to be spent to aid infirmaries, hospitals, charitable or religious undertakings if they are either publicly owned or under the control of public officials. The state constitution now prohibits such spending unless these institutions are both publicly owned and under the control of public officials.

QUESTION 2

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on Sept. 19, 1980, by a vote of 123-63, and on June 21, 1982, by a vote of 125-62?

SUMMARY — The proposed constitutional amendment would allow the legislature to enact laws authorizing the state courts to impose the death penalty on the conviction of crimes to be specified by law. The proposed amendment would provide that no provision of the state constitution may in the future be construed as prohibiting the imposition of the punishment of death.

QUESTION 3

Law Proposed by Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the House of Representatives or the Senate before July 7, 1982?

SUMMARY — The proposed law would require that before the construction or operation of any new nuclear power plant or low-level radioactive waste storage or disposal facility in the Commonwealth, the legislature must make certain findings and a majority of voters must approve the new facility at a statewide election. Before the question of building a new nuclear power plant could be submitted to the voters, the legislature would have to find that (1) the proposed facility is the best means for meeting energy needs based on certain economic, safety, environmental and social considerations; (2) a federally-licensed facility exists for the disposal of the high-level radioactive waste that would be generated; (3) an approved emergency preparedness plan has been developed; (4) radioactive pollution standards have been promulgated; and (5) a demonstrated, federally-approved technology exists for decommissioning the proposed power plant.

Before the question of building and operating a low-level radioactive waste storage or disposal facility or of entering into an agreement with another state to build and operate such a facility in Massachusetts could be submitted to the voters, the legislature would have to find that the technology and site designated for the proposed facility are the best available based on certain economic, safety, environmental and social considerations. The legislature would also have to find that the obligations imposed on Massachusetts by any interstate agreement were no greater than those imposed on any other state. The proposal would not apply to a facility which had obtained all necessary government approvals before August 5, 1981, nor to any facility for disposal or storage of radioactive wastes from medical or bio-research applications in Massachusetts.

QUESTION 4

Referendum on an Existing Law

Do you approve of a law summarized below, which was approved by the House of Representatives on November 10, 1981, by a vote of 108-49, and by the Senate on November 16, 1981, by a vote of 29-10?

SUMMARY — The law requires that a refundable deposit be paid for certain beverage containers sold in Massachusetts. Beverage containers of less than 32 ounces must have a refund value of at least five cents and larger containers a refund value of at least ten cents. This requirement applies to non-biodegradable containers of carbonated soft drinks, mineral water, beer and other malt beverages, but not to containers of other alcoholic beverages, dairy products, natural fruit juices or wine. All beverage containers subject to deposit must clearly indicate the refund value on the container.

The deposit is paid by the consumer upon purchase and must be refunded when the consumer returns the empty container to a proper dealer or redemption center, so long as the container does not contain any material different from its normal contents. Dealers and distributors are also subject to the same deposit and refund on the beverage containers they handle, and are also entitled to a handling fee of at least one cent per container.

No container can be sold in the state if they are joined together by plastic rings or any other device that cannot be broken down by light or bacteria.

The law provides a bottler a reduction in corporate excise tax of one-tenth of one cent for each reusable beverage container which the bottler sells in the first three months of 1983. The law provides for additional unemployment benefits and, if the Legislature appropriates the funds, a job retaining program for employees of bottlers, canners or manufacturers of beverage containers who lose their jobs as a result of this law. The law takes effect January 17, 1983.

QUESTION 5

Shall the Secretary of the Commonwealth of Massachusetts inform the President and the Congress of the United States that it is the desire of the people of Massachusetts to have the government of the United States work vigorously to negotiate a mutual nuclear weapons moratorium and reduction, with appropriate verifications, with the Soviet Union and other nations?

The Board of Selectmen voted to set the polling hours for the State Election to be from 7:00 A.M. to 8:00 P.M.

The total registered voters through October 5, 1982 (last day to register for the November 2, 1982, election) was as follows:

Fire Department

WILLIAM R. HYDE, Chief of Department

The following is the report of the Fire Chief for the year 1982:

During the year 1982, this department answered a total of 848 alarms. Of these alarms, 44 were building fires, 17 traffic accidents, 40 were medical aids. The remainder of these calls included lockouts, false alarms, mutual aid runs to other cities and towns, electrical fires, chimney fires, oil burners, details and miscellaneous incidents. We inspected and issued 73 permits for oil burners.

"APPARATUS"

The apparatus of this department is in excellent condition with the exception of our reserve pumper, Engine #1. This pumper is in constant need of mechanical work. At last year's annual town meeting, twenty-three hundred dollars was voted to purchase much needed equipment for Engine #1. I am still in need of additional equipment to bring this pumper up to standards. Our new ladder truck was delivered this past summer and was put into service shortly thereafter. It is a one hundred foot tractor trailer made by Maxim Motors and was delivered fully equipped with tools and appliances. I am very pleased at this point with its performance and also with its workmanship.

"FIRE DRILLS AND INSPECTIONS"

Fire drills were conducted at all schools during the year 1982. Fire drills are conducted shortly after school opens, during Fire Prevention week, and several times during the year. Separate drills are conducted by the teachers throughout the year. These drills are conducted in an orderly and efficient manner and credit is deserved by the principals and faculty who supervise our students. Each year before the opening of school, the fire alarm systems are checked in all schools by the Town Electrician and a member of this department. All systems were found to be in proper working order. All mercantile, public and other buildings under our control have been inspected according to law. Inspection of property is a valuable branch of the fire service, and we of the fire service are more than happy to do our part in this most important work. Citizens of Swampscott are urged to contact their fire department for suggestions on fire prevention and fire safety. The number to call is 595-4050. During Fire Prevention week, members of this department assisted in the program by the Hartford Insurance at all elementary schools. We were also hosts to many other classes that visited both fire stations.

"FIRE ALARM SYSTEM"

The fire alarm system is constantly being maintained as problems occur by our Town Electrician. Overhead wiring is still needed in certain areas of town. There are still areas that are in need of new fire alarm boxes. Keeping with the improvement of the fire alarm system, a new fire alarm box was installed across the street from the old New Ocean House property. This box was installed for the protection of our residents in that area and also for the many residents who use the beach. The box can be used to summon help whenever an emergency arises which not only includes fires but also medical aid response. All fire alarm boxes are tested on a regular basis by the Town Electrical Inspector and a member of this department. Anyone not

familiar with the operation of a fire alarm box in the case of an emergency, should call the fire department for instructions on its use. Do not hesitate to use the fire alarm box for any type of an emergency. It is a means of getting help immediately.

"PERSONNEL"

During the year 1982, the personnel of this department has remained the same. We are still operating with five less firefighters and the Deputy Chief. The loss of the firefighters has increased the work load of the remaining members and the loss of the Deputy Chief has increased the work load of the Chief and the Captains. With the loss of mutual aid to some degree, the loss of our personnel compounds the problem.

"ATLANTIC HAND TUB"

The Atlantic traveled to four musters this past season. They were held in Mystic, Conn., Newburyport, Mass., South Paris, Maine and Pepperell, Mass. Their winnings amounted to \$265. The annual pump off with the Gerry 5 of Marblehead was won by Swampscott allowing them to retain the Ephraim Taylor Trophy which is on display at the Swampscott Town Hall. Edna and Dick Maitland continued with their much needed support and Philip Cullin was our dedicated foreman. Edna, Dick and Phil wish to thank all those who helped in any way to make this muster season. I would also like to add my personal thanks to Edna Maitland for taking the time to prepare a report for me for this annual town report.

"RECOMMENDATIONS"

I recommend re-instating the five laid off firefighters and also the addition of new personnel.

I recommend the re-instating of the Deputy Chief's position.

I recommend the replacing of overhead fire alarm wires where needed throughout town.

I recommend the replacing of fire alarm boxes throughout the town as needed.

I recommend the replacement of apparatus when needed.

I wish to express my sincere appreciation to the Board of Selectmen, Finance Committee, town meeting members, civil defense department, to all town departments and especially to the Officer's and firefighters of my own department for their cooperation during the year 1982.

Forest Warden

WILLIAM R. HYDE

The following is the report of the Forest Warden for the year 1982:

During the year 1982, this department issued 32 burning permits to the residents of Swampscott. This was done in accordance with the law which allows burning during the period January 15, through March 15. This burning to consist of the open burning of products of open space land husbandry and management, including

materials commonly referred to as brush including vegetation such as tree branches, brush, cane, driftwood and other forestry debris, but excluding grass, hay or leaves. The permit for such burning to be obtained from the fire department.

Such burning shall be performed in accordance with the following requirements: a) without causing a nuisance, b) with smoke minimizing starters if fire starters are necessary, c) between ten o'clock ante meridian, and four o'clock post meridian, d) on land proximate to the place of generation of such products, or at such other place as may be designated in the permit.

Violations shall be punishable by a fine of not more than fifty dollars per day, and each day's violation shall constitute a separate offense.

This statute will be enforced by this department anytime it is encountered.

Any future changes in the open burning law will be issued to the local papers for citizen notification. I wish to thank the citizens of Swampscott for their past cooperation in this matter.

Harbormaster Report

I would like to thank all the Town Departments for their help. I would like to give special thanks to my two assistants Steve Castinetti and Michael Pizzi.

This year my office moved to better enforce the speed limit in the harbor. Also, Assistant Harbormaster Steve Castinetti was responsible for the arrest of three men who were later fined \$500 each for keeping short lobsters.

I recommend the following:

- 1) the purchase of a Harbormaster's boat
- 2) designated swim area at Fisherman Beach
- 3) the purchase of UHF radio for the Police Department so they can contact the Harbormaster.

I wish you all a safe and happy boating and swimming season in "83."

Board of Health

ROBERT W. MURPHY, Chairman
THEODORE A. DUSHAN, M.D. HOWARD E. ROTNER, M.D.
KENT F. MURPHY, C.H.O. Health Officer

After seventeen (17) years of regional rubbish committee meetings, the Board of Health at the direction of Town Meeting, made a long term contract with RESCO, the incinerator in Saugus, for disposal of our rubbish. Because of the uncertainty of the Bottle Bill and its reduction in tonnage, the Board of Health requested exemption from guarantee of tonnage until the second year of the contract, gaining further savings as the original contract required guarantees with penalties of tonnage that we may not generate. This contract runs until December 31, 1994.

Many hours were spent with political and professional people to obtain an answer to the algae nuisance and horrendous odor associated with it emanating from Nahant,

Kings and Blaney beaches and of the Nahant Bay. A report was recently released as a result of the M.I.T.-M.D.C. Sea Grant Study. We are very pleased to hear that the Swampscott Waste Water Treatment Plant is not the cause of the algae. The report eludes to solutions, but stated more time is necessary to finish. It eludes to definite factors causing the algae bloom of a mutated algae that grows only in our bay. We are presently attempting to continue funding to resolve the nuisance caused by this algae.

Our rubbish collection contract was rebid this year, and we are happy to report the contract was again awarded to Robert C. Hiltz, Inc. of Gloucester, our collector for the past three years. The Hiltz firm has been providing excellent service at a reasonable price.

The Board of Health installed a commercial fee for service system this year. The first normal collection was limited to 7 bags or 4 barrels and a fee was charged for excess rubbish as well as requests for additional days. This generated some fees but mainly resulted in an equal system for both household and commercial. It further resulted in excess commercial rubbish being collected by private enterprise. Normally, our rubbish will increase slightly or remain stable. Our tonnage increased only 2.2% last year.

158 deaths occurred in 1982 resulting in a crude death rate of 10.9 per thousand. The average age was 75 years. There were 38 deaths in a long-term care facility (Jewish Rehabilitation Center) many of whom were not residents of the Town of Swampscott, resulting in 120 resident deaths for an average age of 72 years.

There were 100 births reported in Swampscott residents. Two were premature births. The last 10 years births were as follows: 1973, 92; 1974, 89; 1975, 86; 1976, 96; 1977, 97; 1978, 98; 1979, 93; 1980, 99; 1981, 107 and 1982, 100. Swampscott birth statistics reflect a stable birth rate over the past 10 years.

The major cause of death was Coronary Heart Disease 93, followed by Cancer 37, Respiratory 15, Gastrointestinal 4, Kidney 4, Liver 2, Accidental 2 and Suicide 1. These follow national trends.

Communicable diseases for the past 6 years are as follows:

	1982	1981	1980	1979	1978	1977
Chicken Pox	52	91	103	75	90	75
German Measles (Rubella)	0	0	0	3	1	0
Hepatitis Infectious	3	0	2	2	0	0
Measles	0	0	0	0	0	3
Meningitis	2	1	1	0	0	1
Mumps	0	1	1	0	0	1
Salmonellosis	9	3	4	2	16	6
Scarlet Fever	12	2	2	0	2	0

Tuberculosis	1	0	0	0	0	0
Whooping Cough	0	0	0	0	0	0
Dysentary Bacillary	0	0	0	0	0	4
Food Poisoning	4	0	0	0	0	0

We had an active case of Tuberculosis reported last year, a young female professional in the health field. This disease has definitely not been eradicated.

There were 490 senior citizens and those who were at medical risk of lesser ages who availed of our annual Flu Clinic. 39 persons also received Pneumonia vaccines. We wish to thank volunteers Howard E. Rotner, M.D., Theodore A. Dushan, M.D., Barbard DiPietro, R.N., Ruth Epstein, R.N., Joan Freid, R.N., Ruth Greenbaum, R.N., Janice Dunphy, L.P.N., Carol Dedrick, Theresa Grasso, Bette Beatrice, Florence Flanagan, Katherine Cullen, Roberta Kaloust and staff Kent F. Murphy, Health Officer and Ann L. Greenbaum, Public Health Nurse.

Rabies Clinics conducted by the Board of Health and Dr. Arthur A. Barry were held both spring and fall, April and September. A total of 421 dogs were vaccinated against rabies by our veterinarian, Dr. Barry.

There were also 32 dog bites reported and quarantined by the Board of Health in 1982. These were quarantined as per state statute by our veterinarian, Dr. Barry.

A Well Child Clinic was conducted the last Tuesday of every month with Dr. Albert A. Brown and Public Health Nurse Ann L. Greenbaum in attendance.

Dental screenings were done in elementary grades with Clement C. Schoenbeck, D.M.D., Paul J. McNeil, D.D.S. and Charles N. Lynch, D.M.D. Of the 2,151 dental screenings done, there were 32 referrals to parents.

A Hypertension Clinic was held for senior citizens the first Tuesday of each month from 10:00 a.m. to 12:00 noon at the Swampscott Council on Aging.

Blood lead screening tests were done in the four Day Care centers licensed by the Board of Health, as well as Kindergarten and Grade I for a total of 165 tests. All were within normal limits.

The Board of Health provided health services to Hillel Academy. Vision, hearing and scoliosis screenings were performed.

This narrative report is brief in keeping with the policy of town reports. We wish to thank Towns People, Private Agencies and all Town Departments for their cooperation and assistance. If any additional information is needed regarding Health activities, we will be glad to furnish same.

Housing Authority

DAVID GILMORE, Chairman

JOHN F. O'HARE, Vice-Chairman

MARGARET M. KELLY, Treasurer

EVA PERETSMAN, Member

ALBERT DILISIO, Assistant Treasurer

LEONARD H. BATES, JR., Executive Director and Secretary

MICHAEL J. MARTIN, Counsel

The Office of the Authority is located at 6 Duncan Terrace and is open daily from 9:00 A.M. to 5:00 P.M., every day except Saturday and Sunday. Regular and Special Meetings are held as often as necessary to carry out the business of the Authority. The Annual Election of Officers is held on the third Wednesday following the Annual Town Election.

The Authority was established in 1948 and is an independent corporation from the Town. Four members are elected by the voters of the Town and the fifth member is appointed by the Secretary, Executive Officer of Communities and Development for a five-year term. The other four members are elected for a five-year term with staggered expiration dates to guarantee a majority of experienced members to carry out the function of the Authority. All vacancies are filled by a vote of a joint meeting between the Authority and the Board of Selectmen until the next Annual Town Election to fill the unexpired term.

Information with regard to Admission and Continued Occupancy Limits and Eligibility Requirements for both types of housing in the Town can be obtained by calling the Authority's Office at 593-5516 or calling in person during regular business hours.

Also, all Rules and Regulations pertaining to public housing are on file for inspection by anyone.

Under the Authority's continuing modernization program and at the request of the Chief of the Swampscott Fire Department, the Authority recently awarded a contract for the installation, additions and alterations to the present Fire Detection and Alarm Systems at Doherty Circle and Duncan Terrace.

Work on this project will begin very shortly.

In September, 1982, the Authority requested approval from the Executive Office of Communities and Development to advertise for bids for the purchase of a new van for use in the Authority's Maintenance Department.

Bids were received and opened on October 21, 1982. At a meeting of the Authority on November 9, 1982, it was voted to award the bid to Hallman Chevrolet, Inc. of Salem.

Approval to purchase the van was received on January 4, 1983 and as of this writing the van has been registered and is on the road.

Insurance Advisory Committee

RICHARD R. LONG, Chairman

WILLIAM P. BUONOPANE, Secretary

PETER BEATRICE
GARDNER GOULD

RONALD GREENWALD
SAMUEL BUTMAN

The year 1982 was again a busy one. All in all, I consider the year very successful in that the Committee achieved its primary objectives of reducing our insurance cost and maintaining adequate coverage.

We lost the services and expertise of Murray Davis to the Board of Assessors. Their gain is our loss for his drive, dedication and enthusiasm is sorely missed.

Changing the method of funding the Town's group insurance was a significant achievement. Going from a premium payment plan to a cost plus arrangement has been beneficial. The Town and its employees received the full benefit of a refund,

\$130,667, which was used to pay claims and satisfy deposit requirements. The Trust Account, established to hold employee and Town premiums, under the control of the Town Treasurer, earned interest in excess of \$11,000 in 1982, which will be used to reduce health care costs. Through the Committee's efforts we were able to make this change in funding while holding the rates at the 1981 level with no change in benefits.

We established definitive property and casualty claims procedures to assure prompt handling of all claims.

The property and casualty insurance program recommended by the Committee included a free appraisal, which was completed in 1982. The replacement value of Town-owned property was placed at \$32,977,249.

The Board of Selectmen recently approved expanding the IAC to seven members. The diverse backgrounds of Committee members with knowledge in various fields only enhances our ability to tackle a number of different projects successfully.

Our goals for 83/84 include containing health care costs which, unfortunately, continue to rise. Regardless of the funding method, we have to pay for our claims. The Committee is in the process of making a number of recommendations in this regard.

Although we have had the support of the Board of Selectmen and Finance Committee, the Town is still without any form of insurance protection for employee work-related injuries. This poses a significant financial liability to the Town for which we will continue to propose alternatives.

Personally, I want to thank both past and present Committee members for all their time and efforts donated to the Town and on behalf of the Committee, sincerely thank the Board of Selectmen and all Town departments for their cooperation.

Memorial Day Committee

ALFRED EAGLES, Chairman

LOUISE CROTEAU

GEORGE FITZHENRY

Memorial Day observances began with a Mass celebrated by Msgr. John P. Carroll on Monday, May 31, 1982 at the parking lot of St. John the Evangelist Church. Following Mass, veterans and friends proceeded to the cemetery for their ritual honoring deceased comrades. Selectman Robert Perry spoke in behalf of the town. The ceremony was concluded with volleys from the Veterans of Foreign Wars firing squad and taps.

Wreaths were placed at the various town memorials, and flags were put on the graves at the Grand Army, World War I and II cemetery lots. Open house followed at the VFW quarters.

In accordance with Section 3(f) of the Personnel Board By-Laws, the Personnel Board herewith submits its twenty-third annual report to the Board of Selectmen and to the citizens of the Town of Swampscott.

The Personnel Board met several times during the past year to act on matters brought before it by various boards, department heads, and individuals. Subsequent decisions were made and implemented, and a number of articles were sponsored in the warrant for the Annual Town Meeting.

The Board wishes to thank all town boards and individuals who have given us assistance and cooperation during the year.

An exceptionally busy year with a couple of Board Meetings a month. Additional hours were spent interacting with other Town Boards and officials.

The use variance problem is a continuing one. The Board participated in Board of Appeals hearings on the Surf Theatre use variance petition for multiple-unit dwellings and recommended a density CAP on such variances of not more than two times the allowed density of the zoning By-Law. The Appeals Board approval exceeded that CAP. Consequently, we found it necessary to again appeal the Board of Appeals decision to the Superior Court, as we did with Preston Beach, because we feel so extensive a change exceeds the nature of a variance.

Informal discovery procedures and discussions with the developers and their counsel ensued in both suits. In both cases, revision of the project to fewer units in line with our announced criteria, coupled with the development of information indicating that a greater density at each site than originally thought was allowed by right under the By-Law, enabled the Planning Board to reach understandings with the developers by which final development would be within the Board's criteria.

The Surf Theatre case is settled and the Preston Beach developers are seeking a new use variance for a reduced number of units. In these developments, we especially wish to recognize the invaluable assistance of Attorney George Richardson of Boston, special counsel in the Preston Beach case.

Our Board's concern throughout has been to involve Town Meeting in the issue of development on a substantial scale in a manner alternative to development the zoning

By-Law allows as right. The use variance is attended to provide needed flexibility to zoning but it too lacks Town Meeting controls. We wish Town Meeting input into the nature and location of such alternative development. We are developing an alternative development district as a possible alternative or supplement to the use variance and we will present it for Town Meeting approval.

The Board heard public meetings and hearings in several other By-Law amendments, subdivision and other matters. The work becomes increasingly complex and extensive. But we hope to see the Board's Planning role develop so that the Board is more in front of issues and less reacting to them.

We are ever more appreciative than ever of the cooperation of all the Boards and officials we have worked with during the year.

Police Department

PETER J. CASSIDY, Chief

PERSONNEL

Lieutenant John E. Toomey appointed permanent Captain, May 14, 1982, Acting Captain Joseph A. McHugh appointed permanent Captain, July 1, 1982, Acting Lieutenant John E. Alex appointed permanent Lieutenant, January 7, 1982, Officer Scott R. Jacobs resigned from the Department on September 15, 1982, Reserve Officer Ronald J. Madigan appointed a permanent patrolman, September 9, 1982. All appointments were made from a certified Civil Service list.

TRAINING AND EDUCATION

Captain John E. Toomey and Officer Francis J. Corcoran attended a two-day seminar on the use of the Indenti-Kit system of physical identification.

Officer George M. Gately attended an 80-hour course on Crime Prevention, sponsored by the Massachusetts Criminal Justice Training Council.

Captain John E. Toomey attended a Municipal Investigators School sponsored by M.C.J.T.C.

Officer Ronald J. Madigan attended a twelve-week recruit training program sponsored by the M.C.J.T.C.

Captain Joseph A. McHugh attended a seminar on Civil Leadership on Racial and Anti-Semitic Violence sponsored by the J.C.J.T.C.

Officer Robert R. Berry attended a traffic safety seminar at Babson College sponsored by the M.C.J.T.C.

Captain John E. Toomey, officer-in-charge of investigation, has available crime prevention Officers Robert R. Berry and George M. Gately to all townspeople requesting assistance with the proper methods of decreasing the possibility of criminal activity in and around their property.

Lieutenant Paul L. DesRoches, in charge of traffic, and Officer Robert R. Berry, Safety Officer, are continuing the safety programs at all of the elementary schools.

Captain John E. Toomey, attended the Crime Scene Search School sponsored by the Massachusetts State Police.

Twenty-five patrolmen are emergency medical technicians involved in training sessions during the year to maintain their certification in order to deliver up-to-date medical service to our residents.

Eighteen members of the department continue to attend Colleges and Universities in the area on a part-time basis; many have attained degree status and three officers have advanced degrees.

AUXILIARY POLICE

The Auxiliary Police under the direction of Auxiliary Chief Harold J. Keating has been active during the year in assisting the regular department in various functions.

RECOMMENDATIONS

I recommend that the Town vote to purchase two new patrol vehicles; a new copying machine; implementation of the design and inquiring phases of the E911 emergency telephone system; and the passing of a new by-law prohibiting the carrying of particular weapons or other objects that may be used as weapons.

APPRECIATION

I would like to extend my sincere appreciation to the Board of Selectmen, the Women Traffic Supervisors, the Auxiliary Police and especially to the members of my department.

I would also like to thank all Town Departments and others who have cooperated with this Department during the year.

Trustees of the Public Library

JOHN BUTTERWORTH, Chairman

KATHY EPSTEIN

PAUL WERMUTH, Secretary

WILLIAM R. TALENTINO, Director

This year's annual report is dedicated to the people who were part of the library during 1982. Public library service is by nature individual, personal and direct. It is the people operating the library who determine the character and caliber of the library.

Our small staff works to satisfy a tremendous variety of educational, cultural, recreational and informational needs and interests. This year, as in recent years, approximately 80,000 people came to our library and many others relied on the library's phone service. Annually, the staff carries out more than a quarter of a million transactions with the public. We serve all segments of our community and work hard to serve them well.

1982's report is a very appropriate format for stating our appreciation of our staff's dedication and contribution to the community. It was a year of increased demands, pressures and frustrations due to another round of severe budget cuts - 10%. It was also a year of personnel changes - being the last or first year for a number of library people.

1982 marked the end of the lengthy service Florence Alexander and Margaret DiGiulio have given to the library as trustees. During their years of service the library made significant advances and became a better library. Their efforts and those of Thomas Cesarz, a trustee for part of 1981-82, are truly appreciated. The selectmen and the trustees unanimously voted to appoint Mrs. Kathy Epstein to fill the seat on the board vacated by Mrs. DiGiulio.

Sally Duplaix, director of the library for 9 years, left in 1982 to become director of the Providence Atheneum. Ms. Duplaix guided the library through a time of growth and change, particularly in terms of the Reference and Children's services. She struggled to maintain a high quality of service despite the devastating effects of budget cuts over the last 2½ years - 21% reduction in staff and a 16% cut in the library materials budget. She can be very proud of her achievements and the community owes her a debt of gratitude.

Once Ms. Duplaix's resignation was received, the trustees organized a search committee. Mrs. DiGiulio, John Butterworth and Paul Wermuth, assisted by Ms. Duplaix and former trustee Paul C. Miller, served on the committee. After two months of deliberation, the committee recommended that the trustees promote William R. Talentino, reference librarian, to the position of library director.

Budget cuts forced us to make a number of painful staff reduction decisions. Although reference service is a vitally important facet of library service we were forced to reduce the hours of the Reference position. We were very fortunate to be able to fill this position with Jan Aronson. Ms. Aronson, a recent graduate of Simmons College's School of Library Science, is a very enthusiastic librarian and brings valuable experience to the job. With the director helping to fill in on reference, we hope to minimize the effect of the reduced hours of the reference position.

We regretted receiving the resignation of Betty Ann Downs this year. In a very short time Betty Ann became a valuable addition to our Circulation Department. And we were greatly saddened by the death of Harry Janakas. Harry helped maintain the library for a number of years.

People place a special value on Children's services in public libraries. It is easy for people to recognize the special role these services play in the growth and development of children. In our library this value is particularly special because of our Children's Librarian, Amy Gavalis. She makes reading and the pursuit of knowledge a wonderful and exciting experience for the children of Swampscott.

This year, despite the problems caused by cutbacks in the department, the Children's Room continued to offer three weekly preschool story/craft hours, as well as two six-week toddler programs. Craft programs, movies, and storytelling were provided on holidays and school vacations throughout the year.

During the summer the library joined forces with the Park League Program so that groups of children could visit the library several times a week for stories, crafts, and

movies. This was the Summer Reading Program's most successful year as over 100 children participated in the independent reading program and many more worked on the float for the Lynn Youth Parade which won two trophies for the Town of Swampscott.

Another cooperative program began this fall, Hillel Academy began bringing its first grade to the library weekly for stories and library instruction.

The Circulation Department is the busiest library department. Most of the direct public service takes place here. For 15 and 12 years respectively, patrons have had the pleasure of relying on Eva Nielsen and Shirley Anthony for help in finding just the right title, record or magazine to suit their taste or need. This is an exciting art/science at which Eva and Shirley excel.

Selecting material and scheduling and training staff are some other responsibilities that they squeeze in while managing the circulation operations. This year we circulated more than 110,000 items which represents emptying all of our bookshelves twice. Managing this amount of traffic of patrons and library materials is a tremendous task - made more difficult by staff cuts.

Fortunately we have outstanding part-time assistants who have made it possible for us to get by. Their ability and sense of responsibility have made Mary Hamilton, Margaret Hilleary and Shirley Gould indispensable to us. Shirley is indispensable to at least three departments.

Cataloging and processing, bookkeeping, and building maintenance make up our important behind the scenes activities. Marcia Harrison and Barbara Wermuth are almost our entire technical services department. The many contributions they make to the library belie the fact that they are part-timers. In addition to being responsible for all of the mental and physical tasks involved in preparing material for library use, Marcia also helps with coverage of the Reference Department. Barbara is involved in technical processing, publicity, displays, Library/Friends of the Library activities and more.

Lou Gallo brings a well defined artistic bent and keen historical perspective to everything he does, which includes maintaining our building. The extras he gives us are very important.

Joanne Janakas has been with the library for 13 years. She handles clerical and bookkeeping activities. Basically, she makes order out of the chaos caused by the mass of orders, bills, notices and pay schedules produced by the library.

There are other important contributors who receive far too little recognition. Our pages and Jackie Downs are a tremendous help to the library. The volunteers: Harriet Stiles, Irma Lager, Adele Taymore, Bob Gold, Pat Hosker, Edith Snow, Charlotte Gassman, Laurie Levine, are invaluable assets to us.

Through the efforts of many people The Friends of the Swampscott Public Library has become an integral part of the library. Some of the resources, for example, museum passes, that the public utilizes are made possible by the Friends. This year a special thanks goes to Phyllis Raimo, Bernard Burstein, Gardner Gould and Ruth Rolin, its officers and to John Butterworth who resigned as President of the Friends in 1982 after his election to the Board of Library Trustees, and Paul Ricchi, the former treasurer.

In closing, we would like to thank the other town departments and CETA for their assistance. A special thanks is extended to the people of Swampscott for their enthusiastic support and patronage.

MAJOR PUBLIC WORKS PROJECTS

ROADS RESURFACED:

Humphrey Street (Commonwealth to Bates), (Lynn line to Puritan Road)
Windsor Avenue
Farragut Road
Redington Street (Highland to Forest)
Forest Avenue (Redington to Burke Drive)
Puritan Park
Atlantic Road
Walker Road
Bates Road (Charlotte Rd. to Beverly Rd.)
Portion of Salem Street
Portion of Franklin Avenue

SIDEWALK REPLACEMENT:

Bituminous concrete sidewalks have been reconstructed and/or replaced on portions of:

Puritan Road
Pine Hill Road
Pine Street
Boynton Street
Roy Street

Approximately 1500 feet of bituminous concrete curbing was installed in various sections of Town.

WATER PROJECTS:

Approximately 6 relays and 28 new services were done this year, 6 water breaks were repaired, 4 fire hydrants were installed and/or repaired, and a 6" water main was extended in Connelly Avenue.

PARKS

The Public Works Department is responsible for maintenance of all parks, malls, playgrounds and beaches in town. Continuous maintenance was performed on all of

these areas by the Public Works Department during the spring, summer and fall months.

A program of removing Dutch Elm diseased trees and other trees which were determined to be dead or unsafe to the public was done during this year. The wood was made available to all Town residents at a cost of \$10.00 for a quarter of a cord.

Approximately thirty (30) shade trees were planted to replace the trees removed and also to beautify other town streets.

Blockside Field was converted to a multi-purpose facility, repaired and replaced various sections of bleachers. Beaches were cleaned during the bathing season; life-guard stands maintained; floats were set at Town pier for boating and water activities; and pram racks were maintained.

CEMETERY

114 burials took place at the cemetery this year.

ENGINEERING

The Engineering Division performed all duties as related to Public Works projects; plus keeping Assessors Plates up-to-date; and assisting other Town Boards and Departments with their construction and engineering projects.

WASTEWATER TREATMENT FACILITY

The Wastewater Control Plant as well as seven Lift Stations are operated and maintained by the Public Works Department.

The program of composting sludge continued this year. The department of Public Works and the Board of Health have monitored the composting process with help of outside consultants. The program continues to be very successful with substantial savings in the cost of operation and maintenance of the plant. All tests have indicated the material is safe to use as a soil conditioner and mulch for shrubs, landscaping, planting and lawns. Therefore, the Board of Public Works has decided to make this new organic soil conditioner available to the public at a charge of \$5.00 per cubic yard.

The contract for 850 feet of cast iron chains has been awarded; once the replacement chains have been delivered they will be installed on the collector tanks.

The Town's application for a Modification of Secondary Treatment Requirements is still being considered by the E.P.A.

MISCELLANEOUS

Fences, guardrails and signs were replaced and/or repaired this year at various locations.

A new roof was installed on the garage at Jackson Park for use by the Civil Defense.

Work on the portico at the Town Hall has been completed. Additional funds for repairs to the Town Hall roof was approved at the Special Town Meeting and the contract has been readvertised. Work should begin sometime in the spring.

Extensive pruning and trimming of trees and shrubs was done around the Town Hall grounds.

Considering current economic circumstances and the fact that Swampscott is a seaside community, there is a tendency for residents to remain in Town for recreational pursuits. Our parks and beaches strain a bit to accommodate all who use these lovely but limited facilities. Scheduling basketball and tennis courts, baseball and softball diamonds, and remaining facilities to assure optimum usage by the greatest number of townspeople continues to be a challenge to the Commission. To not manage these limited resources would result in chaos. Purposefully employing young people in the community in our summer programs benefits the Town and the individuals as well.

While participation in Commission programs continues to grow, your Commission walks the fine line by offering quality programs with an eye ever on costs. Fee schedules are designed to keep programs affordable while minimizing impact on the tax rate.

Residents are welcome and, indeed, are urged to attend our meetings for the purpose of making suggestions as to how your Recreation Commission might better serve the community for it is our pleasure to do so.

Regional Vocational School

VEEDER C. NELLIS, Swampscott Representative

North Shore Regional Vocational School District

INTRODUCTION

In August of 1982 Michael J. Anthony, who had served as Superintendent-Director for nine years, left North Shore Regional to pursue other opportunities. This report, which normally covers a twelve-month period, has been expanded to eighteen months. This longer time period will enable the reader to understand the projected changes in the school, as well as reflect on what has occurred in the past academic year.

ENROLLMENT

The following chart shows the October 1st enrollment for both the 1981-82 school year and the 1982-83 school year. The School Committee is contemplating adding a ninth grade effective the 1983-84 school year. It is projected that 150 ninth graders will be enrolled at that time. The agreement forming the North Shore Regional Vocational School District called for a Grade 9 to 12 school. By expanding to a ninth grade, the school will be able to offer that many more students an opportunity to become involved in a vocational-technical education during their high school years.

PROGRAM OFFERINGS

Seventeen vocational-technical programs are currently offered:

- Auto Body Repair
- Automobile Mechanics
- Commercial Art
- Construction Carpentry
- Cosmetology
- Culinary Arts (Cooking and Baking)
- Diesel Mechanics
- Distributive Education

Fashion Design/Tailoring
Industrial Electronics
Machine Technology
Masonry
Painting & Decorating/Building Maintenance
Refrigeration & Appliance Repair
Resort Service Occupations
Technical Drafting
Welding

Resort Service Occupations is a unique program designed for low-incidence youngsters who are on an individualized educational plan under Chapter 766. The program served 10 students during the 1981-82 school year. Currently, 10 students are enrolled in the program.

All of the programs ran successfully during the past school year. No major changes are anticipated in them next year. At the present time work is under way to add a course in Computer Technology. It is the School Committee's opinion that additional emphasis must be placed on emerging occupations and to update current courses that have broken through technological barriers. Examples of expanding technologically include, in addition to Computer Technology, a new machine in Machine Shop that will be computer controlled (computer numerical controlled), two digital read-out pieces of equipment that will be added to existing machinery (X-Y and X-Y-Z read-outs), graphic terminals for the Drafting department, etc. Research is under way to investigate the needs of the District in terms of future job opportunities. Additional programs will be considered based on the findings of this research.

INTERSCHOLASTIC SPORTS

The interscholastic sports program at North Shore has progressed year after year. This past Fall a soccer program was added to cross-country track, basketball, and baseball. By next school year the soccer team will join the other three sports by being represented in the Commonwealth Conference League. The school has managed to field representative teams in a few short years. The gym, now in its third year, offers the necessary facilities to practice and play in a first class environment. With the advent of a ninth grade program, it is anticipated that an expanded junior varsity program will emerge.

TRANSPORTATION

North Shore Regional continues to operate its own transportation system. With a fleet of twenty-one buses, the school is in a position to keep the costs of transporting our students to a minimum. The School Committee wisely budgets funds annually to replace older buses as they reach retirement condition. By replacing a few buses yearly, the fleet is kept in excellent condition as seen by having just two breakdowns on the road. The same buses are used for school related field trips, late buses and athletic buses.

In addition to maintaining North Shore Regional's buses, our Transportation Department, under the direction of John Locke, provides a contracted service to Beverly, Lynnfield, Manchester and Marblehead for the upkeep of buses belonging to those communities.

SPECIAL NEEDS

The Special Needs Department continues to deliver quality support services with only a moderate increase in budget. The additional staff members enabled North Shore to develop self-contained classes and a specialized resource center. Students are enabled to receive both small group and individual tutorial instruction in all academic areas and related class subject areas.

Two Federal Grants totaling more than \$39,000 were evaluated by an independent consultant. The results of the evaluation indicated that students receive class monitoring of their performance, intensive direct service in academic and related theory classes. In addition, the evaluator noted that the Special Needs students appeared to have become positive in their attitude toward their studies, more self-confident, and more self-reliant as demonstrated in their increased ability to assume responsibility for completing their own work. The projects were recommended to be continued and re-funded.

The Report Service Occupational training program has evolved beyond its original objectives. A new Phase IV "Work-Study" program has been initiated. After students complete their general work readiness, occupational skill training, and work adjustment training, they enter the Work-Study phase. Three students will be placed in cooperative improvement during the school year.

The Special Needs Department will continue to have a significant impact on the total student body. However, as the total enrollment increases, more attention can be given to refine and improve the delivery of services for Special Needs students.

PLACEMENT

In June of 1982, 129 seniors graduated from seventeen vocational-technical programs. 72% were placed in jobs related to their training at North Shore Regional, 11.6% enrolled in post-secondary education, 4% entered the Armed Services, and 12.4% are not currently employed due to health or personal reasons. Total placement for the year was 87.6%. A breakdown of placement data follows:

SUMMARY

North Shore Regional is developing two ways in order to meet the challenges of coming years: first, a ninth grade is under consideration that will enable additional young people to participate in vocational-technical education and, two, new emphasis is being given to technical fields. As this school develops into its role of being a region-wide resource, many changes will occur. Already in the works are additional programs mentioned previously, a General Advisory Committee that will help in long-range planning, an Academic Advisory Committee, curriculum changes, and so on. The administration, staff and students of the school, along with the School Committee, look anxiously to the future as we all work together to fulfill our role as the vocational-technical resource of the North Shore Region.

It was voted to arrange with the Public Library for meeting space in the basement; also the 4 drawer file was moved there so that active records could be consulted as needed. Meeting date was designated as the 2nd Tuesday of each month. Storage for larger articles will continue to be on the 3rd floor of the administration building.

Definite plans were made for the future, the first priority being research and compilation of historical areas and buildings and submission of the same to the State. Each member was assigned certain precincts with which they are most familiar.

Work was begun on the Mudge Estate project and on Sunday, December 5, 1982 the dedication of Mudge Estate Park took place. By Town Meeting edict the entire area enclosed by Monument Avenue was henceforth designated as Mudge Estate Park. Donald J. Warnock gave the dedication address with Sylvia Belkin adding background detail. The Rev. John Barrett of the Church of the Holy Name also participated in the ceremony.

Traffic Study Committee

PHYLLIS KRAVETZ, Chairman

MICHAEL A. PALLESCHI, Swampscott Police Dept.

WILLIAM H. McCARTY, JR.

The Swampscott Traffic Study Committee continued its policy of reviewing traffic problems and patterns in Swampscott.

Members of the committee met and were in attendance at pertinent hearings of the Board of Appeals, Planning Board, Board of Selectmen and other meetings, and members of the committee spoke at hearings and meetings when necessary to reflect the views of the committee.

The committee remains available to assist the Police Department and private citizens where and when necessary.

Veterans Day Committee

ALFRED EAGLES, Chairman

LOUISE CROTEAU

CHARLES W. DWYER

Veterans Day was observed on November 11, 1982 at 11:00 A.M. at the WWI monument on the Mall. After invocation and prayers by the Rev. Robert Slater the Veterans of Foreign Wars conducted their ritual.

The Town was represented by Mrs. Kelley, Mr. Sachar and Mr. Perry, who addressed the gathering on behalf of the Town. Volleys from the VWF firing squad and taps by Daniel Wright concluded the ceremony.

Open House was held at the V.F.W. quarters, and wreaths were placed at the various memorials about town.

Department of Veterans Services

CHARLES W. DWYER, Chairman

The calendar year 1982 was marked by a steady decline in the case load and budget for state benefits partially due to a greater use of Federal funds and the dwindling number of WWI veterans. Activity was at the lowest point in the past ten years. Service rendered on both the state and federal level decreased relatively. A significant figure was the rise in use of prescribed medication per individual.

Inspector of Weights and Measures

JOHN F. O'HARE

The following tests (sealings) and adjustments were made in the Town of Swampscott during the calendar year of 1982:

Scales and Balances	Adjustments	Sealings
100 to 1000 lbs.	8	14
more than 10, less than 100 lbs.	18	37
10 lbs. or less	13	20

Apothecary		56
Liquid Measuring Meters		
Gasoline	9	92
Oil, Grease		5
Other Devices		
Fabric Measuring Machines		5
Rape " "		2
Yard Sticks		10

Total amount of fees collected during the year were \$1210.80.

In addition the Town was reimbursed \$152 for vendors licenses issued by the State.

Please feel free to contact me at home, 593-5476 or at 595-1645, Town Hall Selectmen's Office staffed by Mrs. Louise Champion who renders me valuable assistance in the performance of this office. My thanks to her.

The City of Lynn continues to test the home fuel delivery trucks.

Workmen's Compensation Agent

ARTHUR J. PALLESCHI

Pursuant to the requirements of the By-Laws of the Town of Swampscott, I am pleased to submit my annual report as Workmen's Compensation Agent for the Town of Swampscott.

The past year has brought a moderate increase in the number of claims presented to this department and with that an increase in the expenses incurred.

I have continued to work with the Insurance Advisory Committee in an effort to determine the future course of the workmen's compensation program, whether to remain "self-insured" or purchase an insurance program. Study will continue on this topic and action taken in the future.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the Swampscott School Committee and the citizens of Swampscott:

I am pleased once again to submit my annual report as Superintendent of the Swampscott Public Schools.

The year 1982 brought many changes and events. As space does not permit to enumerate them all here, we share with you the most important ones.

PERSONNEL

During our second year under Proposition 2½ staffing levels were reduced essentially to account for declining enrollments. Our mission this year, after major reductions in 1981, was to try to maintain those staff and programs which we felt were essential to the education of our students. Through much effort and dedication on the part of all staff and administration, this was accomplished.

All of us were saddened this year by the loss of Mrs. Virginia McDonnell, our Cook Manager in the High School Cafeteria. She will be sadly missed by the members of the school department and the community.

Listed below are personnel changes that have taken place during the year 1982. To those who have either resigned or retired, we would like to extend our sincere appreciation for their outstanding service.

CURRICULUM

HIGH SCHOOL

Highlights in instruction during 1982 include emphasis on writing skills in all departments under the direction of English teachers, the infusion of Holocaust study materials in the Social Studies, the early assimilation of the computer in business education courses, and the administration of Stanford Diagnostic tests to all ninth graders. The student discipline program was reviewed, with several changes implemented in suspension and other penalties to assure consistency and reasonableness. The interscholastic athletic program operated at near pre-2½ levels as a result of imaginative and creative leadership by the athletic director.

Enrollment decline in 1982 was absorbed without significant loss of curriculum or teaching staff. Some courses in our Program of Studies were not offered this year because of insufficient enrollment but remain in the program booklet because of fluctuation of interest from year to year. Other courses with low enrollment were offered through the combining of courses. Although such combinations place a burden on the skill of the teacher to deal with two or more courses in the same room at the same time, this trend will continue if we are to hold a strong, basic curriculum for all students in the face of further enrollment decline. In the academic areas, the impact of decline will reduce the number of sections in courses offered. In the practical arts area, courses may be combined or offered in alternate years or less than every day. Each of these methods has already been applied for the past several years as our enrollment has dropped in grades 9 through 12 from more than one thousand to seven hundred seventy students.

The major addition has been the acquisition of computer hardware for instructional and administrative purposes. This hardware includes a Digital PDP-1124 mini-computer, three line printers, and thirteen terminals. Three Apple II microcomputers have also been acquired through the Continuing Education program for use in S.A.T. preparation and instruction in academic areas and a word processor under a 94-482 grant for use in the practical arts area. Administrative software allows the main office to generate its own attendance reports, grade reports, and student scheduling, services formerly contracted to Westinghouse Learning Corporation. Word processing software has been acquired through an additional grant under 94-482. An in-service course in computer programming now in progress has forty-eight teachers and staff members enrolled. The application of this new equipment to instruction becomes a top priority in the next year or two, while coordination of computer literacy instruction in grades K-12 requires immediate attention.

JUNIOR HIGH SCHOOL

Although there were no major changes made to the curriculum directly, a positive step was taken by returning the junior high schedule to the seven-period, five-day week. By limiting the day to seven periods, students find their schedule filled with both academic and specialized classes with a minimum of study periods. As a consequence, behavior problems have declined dramatically.

Although Proposition 2½ resulted in the loss of funding for our athletic programs, much of this has been offset by very successful fund-raising programs under the direction of the Athletic Director.

GENERAL

Our Basic Skills Program (Minimum Competency) continues to expand and improve. Mandated by the state and implemented in the elementary and junior high schools, the program (in addition to Reading, Writing, Arithmetic) includes a listening component, a study skill program, and the use of the computer for data collection, record keeping, and test scoring.

In addition to the computers at the high school, we were able to purchase through state and federal grants, ten microcomputers for student use at the elementary level. An in-service course was also provided for all teachers. Plans are also being considered to develop a computer program at the junior high school level and to provide the Central Office with a computer capability for administrative functions.

A program to reduce staff absenteeism is now under way. A preliminary survey indicates that, so far, it is proving to be a success. At the secondary level an Alternative Education Program is being studied and developed for implementation in September 1, 1983.

SPECIAL EDUCATION

FEDERAL GRANTS

This year's Swampscott's P.L. 94-142 federal monies provide systemwide adaptive physical education services; a diagnostic prescriptive liaison at the junior and senior high schools to conduct educational assessments for Chapter 766 students; and a psychiatric social worker (FTE .75) to work at the secondary level, offering therapy services to special needs students and their parents.

Through the use of P.L. 89-313 federal special education funds, students who have returned from state facilities receive itinerant services (occupational, physical, and speech therapies) when needed. Students in outside placements are also monitored regarding their educational plans by an out-of-district coordinator, who services four school systems, including Swampscott.

Federal occupational education funds (P.L. 94-482) continue to provide many services to our Swampscott students. In conjunction with the Guidance and Business Departments, handicapped, disadvantaged, and other selected high school students participated in a business operational program. This program helps students develop skills useful for entry level employment in industry.

NEW PROGRAMS

An Early Childhood Resource Room for language disordered students was developed at the Clarke School. This program services four special needs students, ages 6-9. One student is from Swampscott, while three students are tuitioned in from the Danvers School System. Students attend the program full time and are mainstreamed into regular classes for art, physical education, and music.

At the Stanley School a Transitional Resource Room provides a language and therapeutic based program for five and six-year-old students. Currently there are four students in the program, which runs daily for 2½ hours. Students receive academics, adaptive physical education, occupational therapy, and speech therapy, and are mainstreamed into the kindergarten for special activities.

The North Shore Special Education Consortium is housing two programs at the Hadley School this year. The Preschool and Early Childhood Collaborative programs service developmentally disabled students, ages 3-8. Academics, communication, daily living skills, and socialization are stressed. The Swampscott School Department receives rent for these two classrooms.

A Bilingual Russian tutor has been hired to work five hours per week with Russian students who may be having difficulty adjusting to the school system. The tutor provides direct services to students, is translating special needs referral material into Russian, and will be available to help translate for Russian families at any 766 Team meetings.

SPECIAL ACTIVITIES

Student use of Warner Cable TV studio facilities in the high school began to show considerable progress this year, with three editions of the student news show, Today's Input, completed and televised, along with tapings of sports rallies, Honor Society induction, and a football and a basketball game. Understaffing of the studio by Warner has been the chief obstacle to fuller use and not student disinterest. Conference Championships were won this year by our cross country, track, and tennis teams, and a victory over Marblehead in the Thanksgiving game capped the football season. Our hockey and basketball teams made state tournament play for the first time in several years, and our high school challenge TV Quiz Team was the grand prize winner for this area. Our nominee to the Century III Leadership competition for the state reached the semifinals, and our students continued to distinguish themselves in Drama and Model Congress activities, with our Math Team winning the title in the Intermediate Division of the Massachusetts State Mathematics League. Overall, this has been one of our finest years in interscholastic competition.

In addition, there were many interesting events which are part of our school program yearly: concerts and special programs sponsored by the Fine Arts Department; a major production of our Drama Club; two bloodmobile days for the American Red Cross; a successful fund-raising Oktoberfest by the sophomore class; junior and senior class shows directed by volunteer parents; three Boosters Club Sports banquets honoring our boys and girls; a Gridiron Club football banquet to honor the players and cheerleaders; orientation, Open House, and financial aid nights for parents; and finally, a graduation ceremony held in the gymnasium for the first time, last June.

SCHOOL BUILDINGS AND GROUNDS

Plans for the improvement of adjacent playing fields at the high school were again set aside because of funding priorities in other areas. These fields continue to be in poor condition. Efforts to maintain heating controls in proper balance, plus other measures of conservation and good weather, are keeping energy costs down. Grounds maintenance in the summer was a considerable problem, since only limited student help was available to care for playing fields, tennis courts, and trees and shrubs around the perimeter.

As a result of a fire, a new press box was built at Blocksidge Field. Our thanks to School Committeeman Donald Page for donating his assistance in the design.

CONCLUSION

I wish to commend and to thank the School Committee for their support in making quality education available to all students. A special thanks to my fellow Town Department Heads who have cooperated with and assisted me throughout the year.

Respectfully submitted,

CHRIS G. PATRINOS, Ed.D.
Superintendent of Schools
